

Annual Road Maintenance programme 2021-22

This document was last updated on **23 March 2021**. We aim to update the PDF on the website every two to three weeks during the programme. Residents on each road will be contacted directly prior to works beginning with exact dates.

Full resurfacing programme

Full resurfacing is a more extensive treatment, which involves removing layers of a worn out road surface and replacing this with new material.

WOKINGHAM ROAD (B3350 Wilderness Rd to Loddon Bridge Rd)	Earley

Micro asphalt programme

Micro asphalt surface treatment is a preventative maintenance treatment, used to seal the existing road surface, improve the texture and helps water evaporate. This type of surface treatment can prolong the life of a road by up to 10 years. It is mostly used in residential areas with slower moving traffic.

Street	Area
GARTH CLOSE (B3350 Robin Hood Ln to end, including footway)	Winnersh
BROAD HINTON (No. 70 to no. 86)	Twyford
